

**CADD**  
CENTER FOR AUTISM AND  
DEVELOPMENTAL DISABILITIES

## **Behavioral Treatment Using Telehealth**

**We are happy to announce that we are accepting individuals with Developmental Disabilities who engage in disruptive behaviors like Aggressive Behavior, Self-injurious Behavior or Property Destruction to participate in a new telehealth program. There is no cost to participate in this program.**

**In the Telehealth project, all behavioral assessments and treatment procedures are conducted at the families' homes. Using telehealth over the internet, families receive coaching from a behavior therapist who is located at UHCL. We teach caregivers how to conduct the behavioral assessment and treatment.**

### **Eligibility Requirements**

- ✓ **Diagnosed with Developmental Disability**
- ✓ **Have a computer and internet access**
- ✓ **Engage in Disruptive Behavior**
  - ✓ **All ages**

The principal investigator of the Telehealth Project is Dr. Dorothea Lerman, at the Center for Autism and Developmental Disabilities at University of Houston-Clear Lake.
